Solar Energy EIS  
Argonne National Laboratory  
9700 South Cass Ave - ENV/900  
Argonne, Illinois 60439

Thank you for the opportunity to provide comments to the Solar Energy EIS. Sithe Global LLC though Lincoln County had previously requested that that East Mormon Mountains solar area be included in BLM Solar Energy Programmatic Environmental Impact Statement. We would now like request that this area be excluded from the BLM Solar Energy Programmatic Environmental Impact Statement due to the expected timing of the EIS. Please let me know if you have any questions at 509.926.3485.

Sincerely,

Thomas A. Johns  
Senior Vice President
