This area is well established OHV area, has good access and handles these events well as it's 40 year history reflects. The closure of this area would be a great loss to the off-road community. I have raced in this area since the mid seventies on bikes, then cars. My son now races in this area. Closure of this area would displace 6 to 8 yearly off-road events and hundreds of racers into another area. So if you take this area away from us what area will we get in return? Where would we go.....
