I am an avid off road desert rider. I constantly use our public lands for recreational use. I insist that if you guys intend on taking away lands that we can ride on, that you replace those with equal square mileage land elsewhere within the vegas valley that we can ride on! You all are constantly taking away things with no return to us ohv users. I have lived in this valley for 40 years. I have grown up here, and am raising my children here. Too much has been taken away from us, and I guarantee that if this trend continues, it will have dire consequences!
