well as a long time resident you guys are taking away more and more deserts that are used by the public and not giving any back. when you don't give back what you take you affect alot more people than you think from the shop that just sold parts for the kids quad to the grocery store that just sold you ice and food for the bbq that you will have so i am going to say NO WAY to your project you are going to cause shops to close there doors and more unemployment ask the casinos and hotels that make money from groups that race in the valleys around las vegas look at the bigger picture if you take you got to give back we are already loseing most of the jean area due to an airport that is being built . if you are going to do something like this look in other areas that are not used as a recreation and compition area.
