RE:Solar Energy Industry to install panels on Knight Ranch road .

You are wanting to shutdown approx. 6000 acres in this valley. This will completely close down OHV use in this area. In addition to this proposal you are proposing to close off approx. 280,000 acres throughout the Las Vegas District.

This must not happen and would have a detrimental effect on our sport.I strongly oppose this and urge you to reconsider.If however, you must proceed with these closures I must insist that you exchange what you are taking away from us(Motor sports enthusiasts) with an area of equal or larger size within close proximity to the Las Vegas valley.
I would see this as a fair trade off for you as well as us...A situation in which everyone would win and who can argue with that.
I thank you for the opportunity to voice my opinion and look forward to an expeditious yet informed decision.
