As an OHV enthusiast, I oppose closing this land for recreational use. The off road community is losing land at an unbelievable pace, and this particular area is used for recreation as well as professional races that bring alot of money into the surrounding areas such as Primm and Southern Las Vegas. There are plenty of areas already closed that these panels could be placed at, why close down more land to the public? That's simply not fair to those of us that use that land regularly.
