I have been racing out in the desert for many years in the primm and Las Vegas area. There are many different areas that you closed that would better suit the solar panels you are plannig on putting in our "OPEN" desert. If you take it away then give us the same amount of land you are taking away to race, play or whatever we do on it. I am very disapointed with this and I would not approve on the closing of OUR OPEN DESERT
