I strongly disagree with the proposed location of this project due to the fact that our areas of off road activity are minimal and this proposed project would diminish our open riding areas significantly, I m one hundred percent against the proposal. Trust me I am all for alternatives to eliminaate nevada power, the technoligy is there for evey home to be equiped with solar panels to one hundred percent eliminate the need for an electric company, they would actually have to pay us! As far as taking our places to go and play, that is just wrong!!!
