I would like to express my concerns for the proposal to install solar panels on Knight Ranch Rd. and close down approx 6000 acres of of this valley. Also concerning is the 280,000 acres proposed to be closed in the Las Vegas District. I am strongly against this closing, as it would affect the off road industry in an adverse way. If this area is in fact closed for this solar project, I would like to request that if this area is closed the BLM be required to reestablish an equal size area with the same miles of trails in another area in their district within close proximity to Las Vegas. This new area would be in addition to any remaining OHV areas (Nellis Dunes). Please feel free to contact me at any time.
