To whom it may concern,

I am writing in response to the closure of Jean, Nv ohv area. I have been racing off-road in the area for 8 years now and it is becoming one of the only areas left to compete in. Shutting down this area would only lessen our available area to compete in a sport that has been around for tens of years. I'm sure that there is some other area that could benefit both parties involved in this issue. We (off-road community) support our local economy when these events happen which as I'm sure you know happen about every other month. Stopping these events not only hurts the racer but also affects the community they are held in. PLEASE consider looking for a more reasonable location to help out both parties. Thank you for your time.
