What is the reasoning behind all the closures, where did we lose the right to be a free American public? We used to be able to ride right outside our garage now we have to travel 30 miles at an inflated \$4.50 a gallon, and now you are making us travel farther if not shutting us out completely. I guess we are giving the federal government more reasoning to hire more employees to patrol our desert's. Oh by the way I've seen a ton of ad's that the border patrol is hiring.
