Hello and good day,

I am an avid off road enthusiast utilizing public lands for OHV recreation at least 2 weekends a month, and as such am concerned that the proposed projects could affect the ever shrinking legal areas for me to use my 4x4. I urge the planning committee of this project to take the needs of the current users of these public lands into account while reviewing the project, and the losses of legal recreation area for the OHV community.

Thank you.
