I understand that you are considering closing a great deal of the southern Nevada desert to OHV use. If this is done it will impact our business and 26 individual race teams that we support as well as their business operations, livelihood and families. The teams that we sponsor race throughout the year a number of times. For our company these races provide us the most exposure, more than any of the other US based races. If races can no longer take place our exposure will be reduced and we will have to severely reduce the sponsorship dollars paid to these teams. I hope that you will take my concerns seriously. I welcome you to contact me with any questions.
