I am a Southern Nevada native and I strongly object to the proposal by the Solar Energy Industry to install panels on Knight Ranch road. This will completely close down OHV use in this area.  
I strongly request that if this area is closed the BLM be required to reestablish and equal size area with the same miles of trails in another area in their district within close proximity to Las Vegas.  
Off road use has been our families sport and entertainment for over forty years and is very important part of our lives.
