i oppose the proposal to close the few ohv access areas that are designated to the public . they really are far and few areas that are close to las vegas that we can go enjoy the desert and all that it has to offer . i plead for you all to reconsider the location that you are trying to use . there are miles and miles of trails in this existing location . why make us move to a new location to make new trails ,and if so where . there will need to be the same amount of trails and land opened up for our access. we respect what it is your doing , and demand that you respect us and the land designated to us as off road enthuseists . thanks
