To close out the public- i.e. off-roaders, hikers, horse-riders, to public land so that a private company can possess our land without hearings, payment, or due recourse is wrong. Why should a private company be allowed to get, for free, 6000 or more acres of our public land just for a few gooders message. This taking of our land for private use must be illegal--or why don't you give me that land---I'll rent it to someone.
